

Capability Statement

Returnable PET-HOD Bottles

Big Springs would like to introduce our new manufacturing facility now offering market leading returnable PET bottles for the home and office (HOD) water industry.

With over 25 years experience in the water industry, we designed our returnable PET bottles to optimise their financial return by combining functionality, durability and aesthetics. Our bottles are designed to seamlessly integrate with existing filling and washing machines.

Still family owned and operated we would like to thank you for your support.

Key Advantages

- 100% Recyclable PET
- Comfortable Grip Handle
- Superior Strength
- Assembled In Australia
- BPA Free
- Fewer Leaky Bottles

Our PET-HOD Bottles

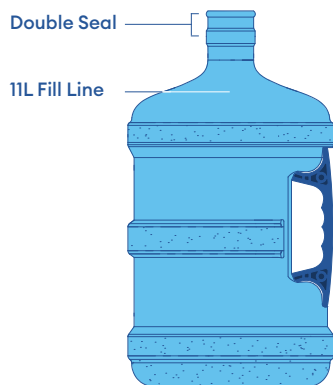

Our sleek new bottle designs fit all water coolers and with a comfort grip handle they are sure to improve the experience of your customer and delivery driver. Made from durable PET the extra strength and weight increase the bottles lifespan and reduce the chance of leaking.

Big Springs

“

I am very impressed with the quality, especially the sleek rounded top and the easy to carry handle and most importantly how good they look once placed onto the customer's water coolers. The white screen printed logo looks terrific and is fantastic advertising for our business.

George Matthews
Manager

“

We are thrilled to offer our clients a BPA free 15lt bottle option, and to be able to source these from within Australia. The bottles are hardy, the handles have an appealing design and they are an eye-catching colour which enhances any business label. We are happy to say these new bottles are rapidly replacing our existing stock.

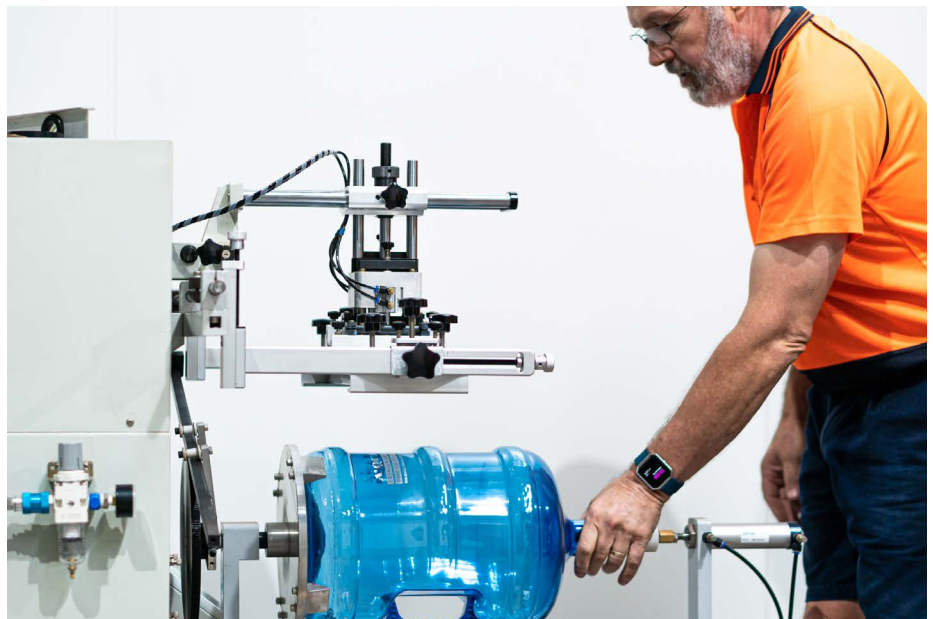

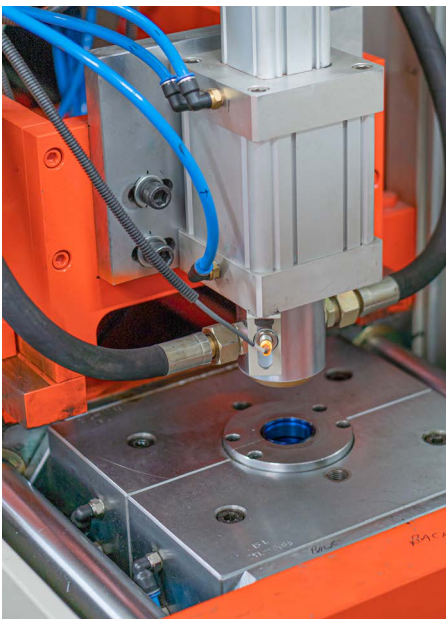

Janette Heintze
Managing Director

“

The PET bottles have been great. We have noticed that the caps don't leak after filling and the fill line is spot on. Well done to Big Springs and we look forward to continue working together in the future.

Andrew Smith
Managing Director

Standards

Big Springs Water accreditation includes:

- Annual accreditation of independent HACCP
- Annual certification of Plant Operators
